BOASTED VICTORY

Is But a Sounding Brass and a Tinkling Cymbal.

A Very Decided Throw-down

For the Cleveland Senator and Not Much Less of a Defeat for Bro. Foraker. In Fact it is Daughterty Who is the Substantial Winner in the Case.

figure a "victory" out of a condition like this.

The lines are now being marked out for the supreme contest to unseat Senator Hanna two years hence. He understands that his recent experience was a warning from the opposition that they intended to elect some other Republican or a Democrat if necessary in his stead at the expiration of his term. Both sides are preparing to organize the state and there will be no end of factionalism in the Republican ranks in Ohio for at least two years to come. The lieutenants of the leaders on each side will be the same as in the recent contest. Charles L. Kurtz for the anti-Hanna men and John R. Malloy for the senator. Every Republican who is in any degree connected with public life will have an opportunity to line up with one side or the other before the legislature adjourns.

There will not be much progress in legislation for a week or ten days to come. Within that time the inauguration of Governor Nash will occur, the legislature will canvass and announce the vote of the late election, the election of a United States senator will occur and the speaker of the house will announce his committees. These events will necessarily prevent legislation from taking definite form during the time named. Meanwhile, however, the friends of important measures are busy organizing the lobby.

Governor Nash's inauguration next Monday will be a brilliant military function, the details of which have already been announced in this correspondence. The governor will take the oath of office in the rotunda of the state house at noon Monday. The big parade will form at 1 o'clock and will number about 7,000 men in line, one-third of whom will be soldiers and the remainder divided between military, veteran and civic societies. Adjutant General Axline will be chief marshal.

JEALOUSY

Was the Motive for Fatal Shooting.

A Factory Girl Borrowed Lover's Pistol

And After Shooting Her Rival Sent a Ball Crashing Into Her Own Brain Causing Death.

Manchester, N. H., Jan. 11.—Crazed with jealousy over a young man, Annie Beaudry shot Jennie Gagnon in the head while the latter was at work in the Ameskeag factory this morning; then turned the pistol on herself and died. The Gagnon girl may recover. The Beaudry girl did the shooting with a pistol owned by the young man with whom both were in love.

DROWNING

Was the Fate of Two Children

Who were Enjoying Afternoon's Skating.

Three Went Through, but Youngest was Rescued by Some Men Who were Near the Scene.

Pittsburg, Jan. 11.—Details of a sad double drowning reached here from Osceola, eight miles above McKeesport. Martin O'Hara, 15, and his sister Mary, 15, were drowned while skating on the Youghiogheny. Their brother James, 8, also went under the ice, but was rescued by men who were at work near by. The home of the O'Haras is within sight of the river, and the mother of the children saw them sink under the ice. She ran screaming to the river bank and plunged in after them. The rescuers had hard work saving the lives of the mother and James. Martin and Mary were carried away by the swift current and their bodies have not yet been recovered.

BILL

To Pension President's Widow

May Not Pass

The Lower House of Congress,

As Many Members are Opposed to it as Being Unnecessary.

In Its Stead They Will Advocate Paying Mrs. McKinley the Remainder of the President's Annual Salary.

Washington, Jan. 11.—The bill to pension Mrs. McKinley may never be passed by the house. There is a growing sentiment among members that the measure is unnecessary. Mrs. McKinley is very well off financially and will never need for luxuries of life. Instead of voting for a pension the house may vote to pay Mrs. McKinley the salary her husband would have received if he had lived until the fourth of next March which would be \$25,000.

SENATORS

Will Hold Short Sessions Next Week

And an Early Adjournment Will be Taken.

Executive Sessions to Consider the Presidential Nominations Will be the Ruling Order of the Week.

Washington, Jan. 11.—No program has been arranged for the senate next week, and it is expected that short daily public sessions followed by executive sessions for consideration of nominations sent in by the president will be the rule. An early adjournment Thursday until the following Monday is expected. There are no important general measures on the calendar.

ARRESTED

President Vasquez of Honduras

On a Charge of Inciting Revolution Against President Sclayza.

Panama, Jan. 11.—A dispatch from Managua, Nicaragua, reports the arrest by the Nicaraguan government of Gen. Vasquez, president of Honduras. Vasquez was arrested on board a steamer. He is charged with an attempt to incite a revolution against President Sclayza of Nicaragua.

ACQUITTED

Of the Charge of High Treason.

An American Citizen Placed on Trial by the British Government.

Washington, Jan. 11.—Secretary of state Hay received a cablegram today from United States counsel at Cape Town, stating that Dr. R. E. Anthony, an American citizen, who was arrested there a month ago by the British on a charge of high treason, had been tried and acquitted. Dr. Anthony is a native of San Francisco.

The Weather.

Washington, Jan. 11.—Ohio fair tonight and Sunday, except snow in northeast portion tonight.

DCORS. CLOSED.

A Painesville Bank Comes to Trouble

Through the Failure of the Euclid Avenue Trust and Savings Company.

Painesville, O., Jan. 11.—The People's bank here made a general assignment this morning. The action was caused by the assignment yesterday of the Euclid Avenue Trust and Savings company of Cleveland, which was the People's chief correspondent. The bank is backed by the best men in town and the directors state that depositors will get every dollar. The receivers of the People's Bank are said to be \$2,640 with deposits of \$173,649.

CONTROL

Of the Coal Trade of the Country

Secured by the Big Purchases Made.

The Pittsburg Coal Trust Secures by Option and Purchase Large Territory in the Hocking Valley.

Columbus, Jan. 11.—By option and purchase the Pittsburg Coal Trust now controls between 20,000 and 30,000 acres of Hocking Valley coal lands. This will mean either war with or the absorption of the Sunday Creek and Buckeye Coal companies. With absorption of those two companies the Pittsburg Coal Co. will dominate the entire coal trade of the country.

HEAVY BOND

Demand of Engineer Wischo

Who Had Charge of the Fatal Engine

That Telescoped the Norwalk Express in the New York Central Tunnel in Which Fifteen were Killed.

New York, Jan. 11.—Engineer John N. Wischo, who had charge of the engine that telescoped the Norwalk express in the New York Central tunnel, crushing out the lives of 15 persons and maiming a score was released from custody today on \$10,000 bail.

Chicago, Jan. 11.—Closing May wheat 82½; corn 65½; oats 45½; pork 17.10.

JERUSALEM

May be the Place of Meeting

For the Next World Sunday School Convention.

A Committee Appointed for the Purpose is Corresponding With Foreign Sections Upon the Subject.

Three Oaks, Mich., Jan. 11.—The next world's Sunday school convention is probably to be held in Jerusalem. At the meeting here of the committee on program and arrangements for the tenth international Sunday school convention to be held in Denver, Colo., June 26 to July 1, 1902, at which several members of the world's Sunday school executive committee were present, the question as to the time and place of the world's fourth Sunday school convention was considered, and a committee was appointed to correspond with the foreign section of the world's committee as to their views in reference to holding the fourth convention in the city of Jerusalem, Palestine, probably in March, 1904.

CHARGES

Made by Reeves Form the Basis of the Case

Against Neely and Rathbone.

Witness Concludes His Testimony for the State and Tells a Very Interesting Story of His Dealings With the Men Whom He Accuses.

Havana, Jan. 11.—The government has finished the examination of W. H. Reeves and he will be cross-examined by counsel for Neely and Rathbone. It was evident throughout Reeves' testimony that the charge against all the defendants is based on Reeves' statements for the fiscal conducted his examination question by question from a typewritten copy of the accusation, and Reeves' testimony substantiated the conclusions drawn in the accusation. Reeves said that Rathbone had appointed him chief postal accountant, but that he had originally been appointed to this position from Washington. He said that he had a conversation with Neely about the destruction of stamps; that Neely told him, Rathbone was willing to do business, and that the stamps had been burned at the suggestion of Neely. Reeves, Marshall and Neely appointed a commission. Marshall did not know about the intended fraud. He figured up the amount of the value and marked each package of stamps, amounting to a total of \$310,000. Reeves testified that Neely made up a declaration and that some days afterward he, Neely and Marshall signed it. Rathbone, he said, ordered him to create the amount on the books. Here Senator Lanuza called attention to Reeves' statement in Assistant Postmaster Bristow's report that Reeves did not know fraud had been committed when he made the credit in the books. Reeves refused to recognize the printed statement as his. Reeves said that before burning the last surcharged stamps, amounting to \$32,000, Neely told him that the amount credited for the first burning was wrong, and that there was \$15,000 to be divided up between him, Neely and Rathbone. Reeves testified that Neely told him that Rathbone had paid off a mortgage in Cincinnati with this money. Shortly after this Reeves said that Rathbone, in referring to the burning of the stamps, said that it was an easy way to make money. He also said that Neely told him that Rathbone would be civil governor of Cuba, and that they would benefit thereby, because Neely would be treasurer of the island and Reeves auditor. Reeves also testified that Neely credited \$12,000 to his own department in charging accounts to the North American Trust company, and that he, Neely, had appropriated this amount.

TUNNEL TO BE LIGHTED.

A Hundred Arc Lights Will Do the Good Work.

New York, Jan. 11.—It is semi-officially announced today that the motive power will be changed to electricity. Large motors will be substituted for locomotives at Mott Haven station and will haul all trains through where the dreadful wreck of Wednesday occurred. The tunnel is to be re-tracked.

AT MONTE CARLO

The President of the U. S. Steel Corporation Makes Money.

London, Jan. 11.—The Daily Mail has a Monte Carlo despatch today which says that great excitement was caused at the Casino yesterday by Mr. Charles M. Schwab, president of the United States Steel corporation. He went from one table to another playing maximums. Interested crowds followed him about and watched him play. Mr. Schwab won nearly \$20,000 in his one day's play.

SENTIMENT

Is Entirely With the Husband

Who Shot and Killed His Wife's Paramour.

The People at Milan Will Close Their Business Houses and Attend the Trial Next Monday.

Toledo, O., Jan. 11.—Milan, Mich., the home of Bert Farrington, who shot and killed his wife's paramour at Adrian will close all business and the whole town will attend the trial which begins Monday. Sentiment at Milan is wholly with Farrington and the town intends to lend him its moral support at the Adrian trial. Mrs. Farrington says she intends to go back to Milan and her husband and lead a better life.

Live Stock Market.

Chicago, Jan. 11.—Cattle: 800, dull, unchanged; hogs 21,000 slow and 10c lower; sheep 2,000, slow, steady.

INNOCENT

The Prisoner Now Says His Wife Is.

Remorse for His Deed Has Seized the Imprisoned Justice of the Peace.

New Canaan, Conn., Jan. 11.—The friends of Judge Nicholas, who shot Frank Clark yesterday say Nicholas is crazy. Clark will recover. Nicholas spends his time weeping in his cell, and says his wife is innocent.

Plot Nipped.

Helena, Mon., Jan. 11.—A plot to secure the release from the penitentiary of L. C. Livingston, sent from Silver Bow county in April, 1900, for five years for forgery, has failed. The names of several prominent New York people were forged to the petition, which represented that Livingston came from the distinguished New York family of that name, and had served as a roughrider in Cuba. Among the names signed to the petition were Theodore Roosevelt, August Belmont, Hugh J. Grant, Thomas A. Edison, Jerome W. Astor, D. Morgan, Dr. Parkhurst and others in New York. All of these have denied signing petition.

LYNCHED LAST NIGHT.

Summary Punishment Meted Out to a Young Colored Man

Who Assaulted a Young Lady Near Springfield. A Mob Quietly Took Him from Jail and Hung Him.

Springfield, Ky., Jan. 11.—Jim Mayes, a young negro, accused of attempted criminal assault on Miss Jones, a respectable young white girl was taken from jail at this place last night by a mob and hanged. His body was discovered hanging to a timber in a school house yard in the town at an early hour this morning. The mob was composed of a few men who came on horseback presumably from the little village of Simms, seven miles from this place, where the crime was committed. The negro had attempted an assault on the young lady in an outhouse but was frightened away by her screams. He was afterwards caught, jailed and then lynched.

CLEVELAND BANKERS

Will Undertake to Straighten Out the Financial Kinks.

Cleveland, Jan. 11.—Henry Everett, Cleveland bankers. C. W. Morse, of New York, has made an offer for all the Everett-Morse telephone lines and probably the bankers committee will favor a sale to Morse and his colleagues.

FILED A PROTEST

Against Miller's Confirmation as Collector of Customs at Columbus.

Washington, Jan. 11.—Rocks have been placed in the road Elmer Miller will need to travel to become collector of customs at Columbus, Ohio. Miller has served four years in the office and is a candidate for reappointment. He was recommended by Senators Hanna and Foraker, and his nomination filed with senate by the President. A protest against the confirmation of Miller's nomination has been filed with the committee by Congressman Tompkins, who represents the Columbus district in the House.

CRUDE

From the Beaumont
Gushers

Being Burned

For Fuel in a Residence
in This City.

Is Consumed in the Parlor at
the Home of Inventor
B. G. DeVoe.

No Smoke, Odor or Carbon Form-
ations Result from the Con-
sumption of the Oil and
the Blaze is White.

After all that has been written and said about the almost hopeless inferiority of the crude oil that is produced by the big gushers of the Beaumont, Texas, field, it seems too incredible to be conceived how the amber colored stuff could be utilized for fuel purposes in the parlor of a modern city residence, but in spite of this seeming incredibility Beaumont oil is being used today and has been in use for a week or more in the main parlor at the residence of that veteran inventor, B. G. DeVoe, on south Elizabeth street, as fuel for heating the rooms and is being consumed in an ordinary heating stove.

To the talents of Mr. DeVoe as an inventor, and to the efforts he and his partner, Charles Daley, have exercised in experimenting, are due the finding of a use for the Beaumont as well as Lima, Indiana, Russia or any other crude petroleum in its crude form as a household commodity that fills a long felt want as to economy, cleanliness, convenience and safety. By the use of the crude oil burner that was recently perfected and patented by them, Mr. DeVoe and Mr. Daley are now demonstrating in the former's home, to the satisfaction of those who see and every visitor who is interested, the fact that Texas oil is a better fuel, when utilized as they utilize it, than either coal, wood or natural gas and at the same time is cheaper even here on the edge of both coal and natural gas fields than any other fuel.

The crude oil burner resembles a pulpit of heavy construction, hollowed out from one side and one resting within the other. This rests in the bottom of a stove and the draught from below is concentrated and carried to the center by the narrow channels between the "coals". The oil is then carried upward through the opening in the center of the wheel-shaped burner and is spread by a small cone-shaped casing at the top of the draught chamber. Another draught is created by an opening that is made in the top of the stove and into which a mixer of a special pattern is fitted. Through the center of this mixer and extending down almost to the cone at the top of the wheel-shaped castings is the feed pipe through which the fuel is carried to the point of combustion—at the cone. The oil is stored in a ten gallon tank within a few feet of the stove for it may be placed in any position and at any place from which the oil will be run by the natural force of gravity to the top of the stove and travels through a three-eighths inch pipe to the mixer, where it drops. Like oil from an engine lubricator, through a needle valve and then down through a one-half inch pipe into the cone, which being at a white heat, causes each drop of crude to become atomized the instant it falls. The crude instantly forms gas with the heated air from between the burner castings and the whole formation is consumed, making a white blaze of intense heat and leav-

may be substance unconsumed to form a crust upon the burner or in the pipes. After the fire had been running for a week or ten days Mr. DeVoe turned off the oil and removing the pipes, mixer and burner found all more perfectly clean than it had been possible to make them before they were placed in the stove.

The owners of the new oil burner have not yet had time to give an accurate estimate of the amount of oil consumed in a day or a week but the consumption of the fuel is so slow that they are positive the heating of buildings or operating batteries of boilers with Beaumont oil for the fuel will be far below the cost of any other fuel or method. They also state that it will be fully as practicable to furnish a whole city with fuel gas as the cost will be far below that of fuel gas. Mr. Daley and Mr. DeVoe hope to be able to interest capital in the invention and place it on the market for all heating purposes.

Another Texas Gusher.

A dispatch from Galveston, Texas, says:

Word has been received from the most authentic source that a gusher has been brought in in the Keystone Mount field, fifty miles from Galveston. A gentleman just in from the well says that it is spouting oil sixty feet high, and those in charge of the well cannot control it. The oil is flowing over the contiguous territory. The well is operated by the Hoag-Lunderwood or Equitable Mining Company. It is an 8-inch well and has a depth of 700 feet.

A Deen Mystery.

It is a mystery why women endure Backache, Headache, Nervousness, Sleeplessness, Melancholy, Fainting and Dizzy Spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs. Phoebe A. Patterson, Ia., "and a doctor named me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I now am able to do all my housework." It overcomes Constipation, Improves Appetite, gives perfect health. Only 50c at H. F. Vortkamp's drug store, corner Main and North streets.

GROUT TREATED TO CIGARS

Walter's Mistake Caused Laughs on New Gotham Comptroller.

Edward M. Grout, comptroller of the city of New York, dropped into the Montauk club the other night, says the Chicago Inter Ocean. He was tired but satisfied with his first day's work in a new office, replete with opportunities for serving the public. He sat down at a table and had a pleasant chat with half a dozen friends.

By and by it was time for a fresh cigar, and Mr. Grout's favorite box was handed to him. He took out a weed, lighted it and in the enthusiasm of the first whiff, which every smoker understands, exclaimed:

"I like these panatolas. Here, boy, get a box of them and take it around to the house."

The waiter bowed obsequiously. He thought he understood. Then he got a box of a hundred cigars and went from top to bottom of the clubhouse, asking every one to "have one with Mr. Grout." When all had been served, there were eleven cigars left. The waiter put them in front of the comptroller along with the check to be signed.

Mr. Grout was surprised. "What are these?" he asked mildly. "What were left of the cigars, sir," the waiter answered. "I don't think I have missed anybody."

"What do you mean?"

"Didn't you tell me to get a box and take it round to the house, sir?"

"I told you to take it round to the house," remarked the comptroller grimly. "But never mind. I guess I can stand it."

The waiter lost himself. Mr. Grout's friends roared with laughter, and finally the comptroller himself found the mirth contagious. But before the evening was over, by special arrangement, every clubman who had enjoyed Mr. Grout's involuntary hospitality took occasion to thank him elaborately for the treat. There has not been so much fun in the Montauk club for a month of January.

senary in the South.

Savannah, Ga., Jan. 11.—Rear Admiral W. S. Schley, accompanied by Mrs. Schley, arrived in this city. The railroad station was thronged with people, who waited patiently to greet the admiral, and as he alighted the cheering was deafening. Mayor Meyers and a delegation of aidmen extended the admiral a cordial official welcome, and asked his consent for a formal reception at the city hall. The admiral agreed. Carriages were then taken for the residence of General W. W. Gordon, where Admiral and Mrs. Schley will visit for 10 days.

of the Day.

Mrs. Harry Coll succumbed to the inevitable at her home on east Kibby street last night at nine o'clock. Since coming to this city from Mendon several months ago the deceased has suffered from tuberculosis which was the cause of her death. She leaves a husband and four children. This morning at eleven o'clock undertaker Charles Miller, of Spencerville, escorted the remains to Spencerville. From there they will be taken to the home of her father John Colvin, from whose residence the obsequies will occur tomorrow afternoon at two-thirty o'clock. Interment will be at Salem Ridge. During her brief residence here Mrs. Coll formed many acquaintances who deplore her demise and sympathize with the bereaved husband.

Rev. Grant Stevens, pastor of the Christian church at Hacksville, called upon Rev. Sims, on east Kibby street yesterday evening. Mr. Stevens has been absent from his home since the small-pox quarantine was established there and will be unable to return until it is raised. In the meantime he is visiting the brethren through this section of the state.

The Terrible Sufferings OF OLD MEN

Many have been saved from that dangerous operation for the removal of a part of the gland by taking this remedy. No operation is more common or more dangerous to life than this frequent operation, to which so many old men are obliged to submit. The prostate gland immediately surrounds the neck of the bladder and its enlargement interferes with the complete emptying of the bladder. A portion of the urine always remaining in the bladder becomes a source of irritation in itself and aggravates the inflamed prostate, frequently so completely stopping the opening of the bladder as to necessitate the use of the catheter several times a day. Sundry stops this decomposition and makes the urine bland and unirritating. The result is that the inflammation of the prostate subsides and comfort is once more obtained. Sundry may add years to the life of many an old man.

Both Certification and Signatures were Very Poor and Should Not Have Deceived the Bank People.

Boston, Jan. 11.—Government bonds valued at \$15,000 were obtained from N. W. Harris & Company, bankers, on a forged certified check on the National Shawmut bank. It is understood that the firm of Harris & Company were called up by telephone by a man who gave the name of Bruce. He presented a check certified to by the National Shawmut bank asking that the bonds, 10 \$1,000 government 4 per cent coupons due in 1925, and five \$1,000 Baltimore and Ohio Southwestern 3 1/2 per cent coupons due July 1, 1925, be laid aside for him quietly. The check was accepted without question and the bonds were delivered. At the bank both the signature and certification were declared to be forgeries, and not clever at that.

Sensational Allegations.
Lexington, Ky., Jan. 11.—James E. Doyle, former local manager of the Standard Oil company, and until lately identified with the Wilburine oil works of Cincinnati, filed suit against the Standard Oil company and C. B. Gilman and M. F. Griffin, doing business as the Brilliant Light Oil company, for \$35,000, alleging a conspiracy to ruin his business and control the oil business in Lexington. Among sensational charges are those that the representatives of the two companies used threats and deception to rob him of patrons, that their employees pursued, set upon, abused and threatened the driver of his delivery wagon, causing him to resign; that they instigated his arrest on two occasions on charges that proved to be false.

In Honor of Cuba.
New York, Jan. 11.—At a meeting of the members of the Produce Exchange, New York a majority of the firms having commercial relations with Cuba being represented, resolutions were adopted declaring it to be the sense of the meeting that "comrades should give immediate relief to the strained situation in Cuba by a substantial reduction in the tariff duties on imports into the United States, as recommended by President Roosevelt. This is demanded by every consideration of generosity, fair dealing and the welfare of Cuba, to which we are pledged, and it will be to the great betterment of commerce."

Forgery Charged.
New York, Jan. 11.—Postoffice Inspector Crum arraigned a young man named J. Ferris Evans before United States Commissioner Shields, the charge against him being forgery of the name of the Medical-Legal Journal of this city, to a postoffice order. Evans was arrested in Virginia. From there he was taken to the federal prison in Washington and later removed to Baltimore. He was brought to this city by a United States marshal. The young man is said to come from an excellent family. He was held in \$1,000 bail for examination by Commissioner Shields.

Frank Treadwell, Bennett, Ia., was troubled with kidney disease for two years. He writes: "I had taken several kinds of kidney remedies, but with little benefit. Finally I tried Foley's Kidney Cure and one dollar cured me."

GIVE HER A CHANCE!

County President W.C.T.U., Mrs. H. F. Roberts, of Kansas City,

Says to All Sick Women: "Give Mrs. Pinkham a Chance, I Know She Can Help You as She Did Me."

"DEAR MRS. PINKHAM:—The world praises great reformers; their names and faces are in the ears of everybody, and the public press helps spread the good tidings. Among them all Lydia E. Pinkham's name goes to posterity with a softly breathed blessing from the lips of thousands upon thousands of women who have been restored to their families when life hung by a thread, and by thousands of others whose weary, aching limbs you have quickened and whose pains you have taken away."

MRS. H. F. ROBERTS.

"I know whereof I speak, for I have received much valuable benefit myself through the use of Lydia E. Pinkham's Vegetable Compound, and for years I have known dozens of women who have suffered with displacement, ovarian troubles, ulcerations and inflammation who are strong and well today, simply through the use of your Compound. I feel sure you will never know one-half the good you have done humanity, and I only wish every suffering woman could know what you can do for her, would she only just give you the chance. Fraternally yours, Mrs. H. F. Roberts, 1404 McGee St., Kansas City, Mo."

Women, do you realize the generosity of Mrs. Pinkham's freely offered advice?

Don't hesitate to write to Mrs. Pinkham. She will understand your case perfectly, and will treat you with kindness. Her advice is free, and she has helped thousands. Her medicine, Lydia E. Pinkham's Vegetable Compound, is the true help for nervous, sick and ailing women. It regulates the monthly sickness and overcomes all those uterine derangements that excite the nerves. This is the easy and the right way to get the help you need. Read the letters from the women she has helped.

When women are troubled with irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhea, displacement or ulceration of the womb, inflammation of the ovaries, general debility, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

SAVES LIFE

Willard, Ill., August 1, 1900.
I was in bad health this spring and could not get up in bed for four weeks. When I was confined my child died. When I began to sit up I felt so weak and had such terrible pains in my back and hips. I had kidney trouble and falling of the womb. I also had hysterical spells. I addressed the Ladies' Birthright Alliance and read the advertisement of Wine of Cardui and Theodore's Black-Draught. Since April 1st I have taken four bottles of Wine of Cardui and three packages of Theodore's Black-D

Governor Shaw has asked for more time in which to prepare to take charge of the secretary of the treasury portfolio and Mr. Gage has kindly consented to continue to draw the salary from the position in the interim.

Toledo is enjoying a bit of a telephone-war. The Bell company which have been fighting the Hamilton company, has now wound up the warfare by freezing out the opposition. But in the meantime a powerful opposition to the monopoly has sprung up in another organization known as the Home company which has a long list of patrons. So the war goes merrily on, and the subscribers will reap the benefits.

The Springfield Press-Republic in commenting on the organization of the legislature says, the honor of the state has been upheld. Ye Gods, what a statement! The actions and fidelity of both Hanna and Foraker were vile enough, corrupt enough and disgusting enough to make a penitentiary convict turn green with envy. "The insurgents have been taught a lesson," says the Press-Republic. This would lead one to believe that all Republicans who do not bend the knee or bow the head to the Republican trust protector is a deserter, or an insurgent.

Almost invariably the estimates for great engineering undertakings, particularly those involving initial uncertainty, like the construction of railroads and canals, fall far short of the final cost. The experience of the French promoters of the Panama canal furnishes an instance of this kind. The Nicaragua canal would be exceptional if it should not cost twice what the engineers have guessed. For this reason the offer to sell the unfinished Panama work should be carefully considered. The uncertainties of cost in that undertaking have been pretty well eliminated. The digging that remains to be done can be determined with great nearness by the digging that has been done.

The treasury bureau of statistics announces that this season's traffic on the great lakes has generally exceeded the operations of any preceding season. By way of the St. Marys canals 27,817,811 tons of freight were carried to Nov. 30, of which 22,619,909 tons were east bound from Lake Superior, and 5,197,902 tons were west bound. Last season's figures were 20,231,882 tons east bound and 5,038,656 west bound, making a total of 25,662,522 tons, and through the Canadian canal 2,791,289 tons. Four times as many vessels passed through the American as through the Canadian canal, and nearly nine times as large a tonnage.

Those having charge of municipal affairs often commit grave errors by not heeding the recommendations of honest newspapers advocating public improvements and reforms which are deemed necessary. For two years or more the newspapers of New York have persistently attacked the New York Central railroad for its neglect to light and ventilate its tunnel under the city. The collision which caused nearly a score of deaths on Wednesday last might have been avoided had the place been properly lighted. In this day of cheap electricity the long refusal to extend wires and place lamps in a tunnel under the metropolis is the poorest sort of economy. Such a collision was bound to occur soon or late, and it was easy to foresee that the cost to the company would be many times more than the expense of placing the tunnel in a safe condition.

The beet growing farmers may be assured, upon the authority of the beet sugar manufacturers themselves, that the granting of the most liberal concessions to Cuban sugar would not necessitate or justify the slightest reduction in the price of beets. The manufacturers have declared, categorically and in detail, that even if not only Cuban but also German and Belgian and Austria and all other sugar shall be admitted to this country free of all duty, they will still be able to pay the farmers \$4 a ton for their beets and to make a satisfactory profit for themselves in so doing. This, according to their own figures, they can do without the aid of any bounty whatever. It is gratifying to record this as an indication of the prosperous and profitable status of the beet sugar manufacturers. An industry that in a dozen years can thus outgrow all need of bounty or protection is one to be envied for its rapid and robust growth. The same record also contains an indubitable assurance to the farmers that they have nothing to fear from concessions to Cuban sugar. They have the word—and in some cases the written contract—of the sugar refiners for it that the price of beets will not be lowered. In that view of the case the farmers' opposition to Cuban reciprocity must vanish—while logically, according to their own showing, that of the beet sugar manufacturers cannot be maintained.

Command President Hill.

Fargo, N. D., Jan. 11.—At this tri-state grain and cattle growers' convention here the two great features were the address of President J. J. Hill of the Northern Securities company and the adoption of resolutions commending Mr. Hill for his work in behalf of the northwest. The resolutions were adopted almost unanimously by the convention prior to the arrival of Mr. Hill, and an attempt was later made to have these particular resolutions stricken out, but the attempt failed and the resolutions stand as the sense of the convention. Mr. Hill defended the northwestern railway merger, asserting that competition was not necessary in order to maintain or secure low rates.

Herr Krupp's Great Wealth.

Berlin, Jan. 11.—The richest man in Germany is Herr Krupp. According to the income tax returns he has an income of between 20,000,000 and 21,000,000 marks a year. No one approaches him in wealth. He stands in a class alone, and there are over a dozen classes between Herr Krupp and the next richest man in Germany. The identity of the second wealthiest man in the empire, who has a yearly income of between 5,000,000 and 6,000,000 marks, is not quite clear, although he is supposed to be the coal master, Herr Von Thiele-Winckler. The income tax returns show 65 incomes of more than 1,000,000 marks per year.

Claim of Hawaiian Prince.

Chicago, Jan. 11.—Prince David Kawannakoa, accompanied by a party of relatives, passed through Chicago en route to Washington to urge President Roosevelt and congress to award them the "crown lands" of Hawaii. The lands which the prince and his relatives claim as belonging to the royal family comprise all the unoccupied ground of the Hawaiian Islands, and are valued at millions of dollars. While they realize that congress will not recognize their right to all the lands, the petitioners believe that they will be granted a considerable portion of their old domain.

Von Buelow Protests.

Berlin, Jan. 11.—The chancellor, Count Von Buelow, making a reply to preceding speakers in the reichstag, said: "I believe I shall be in sympathy with a very great majority of the house when I express the hope that the custom of abusing foreign ministers from the tribune of this august house will not become naturalized among us. That would accord neither with the usages of the German people nor the interests of our policy. I must at the same time express my deep regret at the way in which the last speaker (Herr Liebermann) referred to the army of a nation (Great Britain) with which we live in peace and friendship. We, ourselves, are sensitive concerning the honor of our army, so we should not abuse foreign armies, in which there are men brave enough who know how to die."

Premier to Speak.

Paris, Jan. 11.—M. Waldeck Rousseau, the premier, will deliver an important speech at St. Etienne Sunday, when he will define the entire policy of the government. As this occasion will be the opening of the ministerial electoral campaign, several members of the French cabinet will accompany the prime minister to St. Etienne, and about 100 senators and deputies will be present there. The walls of St. Etienne are covered with posters. The Nationalists and the non-ministerial Socialists are calling upon the population of the town to refrain from sympathetic demonstrations on the occasion of M. Waldeck-Rousseau's speech. These manifestations may lead to hostile outcries, although serious trouble is not likely.

Cambon Surprised.

Washington, Jan. 11.—When shown the news dispatch from Peking stating that the presentation of certain demands upon China by the French minister at the Chinese capital has caused a serious hitch in the proceedings there, M. Cambon, the French ambassador at Washington, expressed great surprise, saying that he was not aware of any claims preferred against China by the French republic which would be likely to cause an interruption of affairs at Peking. The ambassador has not received any advices whatever on this subject.

Ohio Postmaster Fined.

Cleveland, Jan. 11.—J. W. Hahn, postmaster at Bayard, O., was fined \$50 and costs by United States Judge Wins. Hahn was charged with falsifying to the government reports of the business of his office, thereby increasing his salary. Besides paying the fine and costs Hahn had to pay back to the government the amounts which are alleged to have been obtained illegally.

Negro Hanged in Texas.

Dallas, Tex., Jan. 11.—Anderson Norris, a negro, was hanged in the McLendon county jail at Waco. Norris murdered Mrs. Emma French, the wife of a white farmer, in Navarro county, near the village of Barry, Dec. 5, 1900.

Farmer Missing.

Youngstown, O., Jan. 11.—The police are making a search to find some clew to Elmer Harrison, a young farmer, whose team and wagon were found near his home in Colville township, with marks of blood around and evidences of a struggle having taken place. Harrison had been here to market and was known to have upward of \$500 on his person. It is believed that he was seen by someone here displaying money, followed along the road and murdered. Harrison was temperate in his habits.

Convicts may not be aristocrats, but they are certainly exclusive.

Big Oil Strike

Where the Ex-Governor Owns Many Acres.

Did the Business for Him and He is Highly Elated.

Estimated That His Fortune is Now Eighty Millions, and Will Continue to Grow Every Day.

A telegram from Austin, Texas, says: The discovery of oil yesterday near Columbia, Texas, in an entirely new field, situated about 150 miles west of the Beaumont oil district, has caused intense excitement throughout the state. Thomas Wardell arrived here today direct from the new well. He says it is a genuine gusher and is flowing at least 30,000 barrels of oil per day. It was not completed when the oil stream burst forth, and it is thought that had it been well cleaned and bailed the flow would amount to twice the present output, as it is an eight-inch hole. The oil has not yet been tested, but it has the appearance of being of the same character as the Beaumont oil.

Former Governor J. S. Hogg, who owns a one-eighth interest in the new well, arrived here today, after a three-month absence in New York. He received telegrams this morning confirming Wardell's statement as to the amount of the flow of the well.

Mr. Hogg is enthusiastic over the discovery. It means that he is one of the richest men in the country, as he owns in fee simple 275 acres of the 300 acres of land comprising the elevation on which this oil is found. Mr. Hogg said tonight that he had sold land in the Beaumont oil field for \$100,000 per acre, and he considers the new oil field which he holds just as valuable. At that rate the discovery near Columbia means an increase of Mr. Hogg's wealth to the extent of more than \$2,000,000. This is exclusive of 14,000 acres on which Mr. Hogg and associates have a lease adjoining the new well. Mr. Hogg says that this discovery is of much greater importance than the Beaumont oil discovery. The new field is only 18 miles from the deep-water port of Velasco. Mr. Hogg denied the published report that he had disposed of any of his interests in the Beaumont oil field to the Standard Oil Company. He said he had sold a part of his interests there to English capitalists for \$2,275,000.

LOOKS BLUE FOR OHIO LEAGUE.

A telegram from Akron says: Akron people have almost forgotten the proposed Eastern Interstate Base Ball League. They would like to see the game started here, but there is hardly a local man who could be found to put money in the venture. From what has been heard from the other Ohio cities that are in the proposed circuit they are hardly more enthusiastic than Akron. DAMAGE

From the Lake Erie & Western Railroad Co.,

Asked for in an Action That Will Come Up in Common Pleas Court Next Monday.

Common Pleas Court convenes again Monday, when the case of Susan W. Reed vs. the L. E. & W. railroad, will be heard by Judge Cunningham. In the petition, which was filed over six months ago, the plaintiff claims the loss of crossing the south Metcalf street crossing of the L. E. & W. railroad on Christmas day, 1900, in a buggy, when an engine backed down upon the vehicle, causing numerous injuries, some of which are: Collar bone broken, upper teeth shattered, left lung jammed, unconscious for three days, and eyes and lungs affected. She asks damages in the sum of \$10,000 and is represented by Judge James L. Price.

Now Being Held at the City of Mexico.

Ex-Senator Davis is Very Optimistic Upon the Subject and so Expresses Himself on Leaving.

City of Mexico, Jan. 11.—Ex-Senator H. C. Davis, chairman of the United States delegation of the International American conference, who left for Washington, took leave of the conference at the morning session in a brief speech, saying in part: "Much against my desires, circumstances require me to leave for my home. It is pleasant, however, to think that the work of this convention appears to be approaching an end. Among the projects adopted are the reports of the Pan-American railway and banking committee, to which I was assigned. Enough has been accomplished to assure us that much good will come to the American republics as a result of the second Pan-American conference. Among the achievements of this conference, a plan of arbitration has been substantially agreed upon that will be of great value to all of the republics. This, I feel sure, is a long step toward preserving peace and settling disputes between American republics."

DOOMED

To Defeat in German Reichstag.

All the Working Classes are Against It.

A Commission Demanded to Ascertain Whether There is Distress in Agrarian Regions of the Empire.

Berlin, Jan. 11.—The impression is gathering force among the supporters of the tariff bill in the reichstag, and is amounting to almost a certainty, that the bill can not be passed in its present form, even if the minimum grain duties be stricken out, and that the government may have to drop the measure altogether, although this, of course, would be done only after the long sequestration of the bill with the committee where it now rests. The opposition to the tariff bill is taking the form of a proposal that a commission shall be appointed to investigate German agriculture to determine whether distress really exists and whether it is to be found among the great landowners or the peasants. The opponents of the tariff measure think that if they can once get this commission in operation, many months will elapse in taking testimony before the commission can report. The proposal to appoint an investigating committee is supported by the bureau for the preparation of commercial treaties, many commercial bodies and nonpolitical societies.

MID FLOWERS

And Tears the Remains of Mrs. B. M. Tharp

Were Consigned to a Final Resting Place in Woodlawn Cemetery This Afternoon.

The last sad rites over the mortal remains of Mrs. Minetta Tharp, wife of C. H. & D. train dispatcher, B. M. Tharp, were held privately at the saddened home on east Elm street at 2 o'clock this afternoon. Rev. Dr. R. J. Thompson, pastor of the Market street Presbyterian church, officiated. The remains were consigned to a final resting place in Woodlawn cemetery.

The funeral tributes sent by friends of the bereaved family were very profuse and beautiful, among them being a magnificent piece that was sent by the C. H. & D. office force. The relatives present at the funeral from out of the city were: Mrs. Tharp, mother of the deceased's husband, and Mr. and Mrs. William Tharp, of Washington C. H.; Mrs. F. E. Armstrong, of Chillicothe, Mr. and Mrs. Baldwin Hughes, of Middletown, and Mrs. Jeanne Brown, of Ottawa.

The pall bearers at the funeral were Messrs. W. C. Shoemaker, John H. Lony, George Reel, M. H. Smith, A. R. Lanier, of the C. H. & D., and Mr. C. J. Brotherton.

FINDLAY

Has a Candidate for the Honor

That is Being Sought by Col. B. M. Moulton.

Candidacy of E. T. Dunn for Department Commander of the G. A. R. of Ohio, Launched in the Gas Town.

According to the Findlay Republican, Col. B. M. Moulton is to have opposition in northwestern Ohio for the office of department commander of the G. A. R. of the state. The Findlay paper says:

"The candidacy of Hon. E. T. Dunn has been officially launched for the office of state commander of the Grand Army of the Republic. This was done last night when a committee appointed by Stoker post met and formulated plans for the advancement of the campaign of their comrade.

"The committee is composed of John H. Bolton, W. H. Werner, Theodore Totten, Jacob Stark, W. G. Bond, John White, P. B. Oliver and J. P. Woods. Mr. Bolton is chairman and Mr. Werner secretary. It has been decided to send letters to every comrade in the state and to all commands telling in concise words why Mr. Dunn is entitled to the honor. It will be remembered that Mr. Dunn was an active candidate last year at the Bellefontaine encampment when George Taggart was elected over him and Mr. Souires, of Toledo, the latter having recently died. There will undoubtedly be other aspirants for the office, but Mr. Dunn is the logical successor of General Taggart."

Geo. Wood Anderson, who spoke with such interest last Sunday to 108 boys, will again be the speaker tomorrow. His subject will be "Eating Grass." As one boy put it, "You could hear a pin drop, when Mr. Anderson is talking."

Captain Harley Holmes, the musical director, will again be on hand with his orchestra, which rendered such inspiring music last Sunday.

At tomorrow's meeting, a flash light photograph of the regiment will be taken. A cut will be made of this picture and published in "Association Men," the official paper of the Y. M. C. A. of the United States and Canada. This paper is read in every city in the United States and Canada, and it is only because the Boys Gospel Regiment has been such a great success, that it is possible to get it published in this magazine.

It is desirable that every boy who is at present a member of the regiment, or has been in the past a member of the regiment or battalion, be present and get in this picture.

Any boys between the ages of 9 and 16 can join this regiment by going to the Y. M. C. A. tomorrow at 2 o'clock and asking the recruiting sergeant, Robt. Black, for a ticket.

THREE BEAUTIFUL WOMEN

Worn Out And Nervous Regained Their Health And Beauty By Taking Peruna.

Miss Florence Allan, a beautiful Chicago girl, writes the following to Dr. S. B. Hartman concerning his catarrhal tonic, Peruna:

75 Walton Place, Chicago, Ill.
"As a tonic for a worn-out system, Peruna stands at the head in my estimation. Its effects are truly wonderful in rejuvenating the entire system. I keep it on hand all the time, and never have that 'tired feeling,' as a few doses always make me feel like a different woman."—Florence Allan.

Thousands of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart and heavy feelings in the stomach.

Then begins a series of experiments. They take medicine for sick headache. They take medicine for nervous prostration, for palpitation of the heart, for dyspepsia. None of these medicines do any good because they do not reach the cause of the complaint.

Peruna at once mitigates all these symptoms by removing the cause.

Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function. No permanent cure can be expected until the systemic catarrh is removed.

This is exactly what Peruna will do.

Miss Cullen Was Exhausted From Over Study.

Miss Rose Cullen, President of the Young Woman's Club, Butte, Montana, writes:

921 Galena street, Butte, Mont.

Peruna Medicine Co., Columbus, O.

Gentlemen—"Peruna has many friends in Butte. I cannot say too much in praise of it. While finishing school I became very nervous and exhausted from over-study. I was weak and sick, and could neither eat, sleep nor enjoy life. A couple bottles of Peruna put new life in me. I find by having it in the house and taking a dose off and on it keeps me in fine health. A large number of my friends place Peruna at the head of all medicines."—Rose Cullen.

Peruna is especially adapted to protecting against and curing nervous diseases of run-down women, as the testimonial of Miss Cullen indicates.

Miss Blanche Myers, 3129 Penn street, Kansas City, Mo., has the following to say of Peruna:

"During each of the past four seasons I have caught a severe cold, when suddenly called after an evening party, and catarrh for several weeks would be the result. One bottle of Peruna cured me, and I shall not dread colds any more as I did."—Blanche Myers.

An excellent little treatise on "Health and Beauty," written especially for women, by Dr. Hartman, will be sent free to any address by The Peruna Medicine Co., Columbus, O.
